

GIFT VOUCHERS

Enter your gift voucher code at the check out.

The entire value of the gift voucher must be used in one transaction.

The gift voucher value applies to goods only.

If, after deduction of the voucher amount, your final total is less than £50, then delivery charges will apply. We're super duper sorry about this but our little website isn't clever enough to deal with this level of complexity! 😊

Gift vouchers can only be spent through our website and are valid for 9 months from purchase.
